

## What is the TARJETA SUMA?

The Tarjeta SUMA is a non-contact travel card and wallet in one. It's electronic, safe, easy to use, individual and non-transferable and offers customers larger discounts and more advantages.

## About the TARJETA SUMA

- This card combines two modes of use: TRAVEL PASS and WALLET.
- It can be TOPPED UP (in future this can be done by phone), requiring a minimum of 20 euros to be eligible for discounts, and will enable passengers to take advantage of DISCOUNTS depending on the card category.

Categories are:

- PENSIONER over 65.
- STUDENT (valid during the school term it is issued for).
- REGULAR USER.
- The amount of the discount will be the amount laid down by law. Instead of being applied on board the bus, the discount will be received when you top up your card. The amount of your top-up will include the amount of discount in force at the time.
- Passengers who belong to the category of LARGE FAMILY will continue to benefit from the discounts stipulated by law. Discounts cannot be combined.

## How to use your card with GLOBAL

When you board the bus, you will need to hold up your Tarjeta SUMA to the card reader next to the driver. The reader will identify the starting point of your journey and the final destination of the route. This means that when you alight from the bus,

you will have to hold up your Tarjeta SUMA to another reader in order to identify the stop where you alight and the right amount for your journey (the remaining balance will be shown). **DO NOT FORGET TO HOLD UP YOUR CARD TO THE EXIT READER. THIS IS VERY IMPORTANT, SO THAT YOU WILL BE CHARGED ONLY FOR THE SECTOR YOU HAVE TRAVELLED.**

If the reader shows that you have insufficient balance on your card, you will still be able to travel, unless the balance is 0 or negative. The amount will be debited the next time you top up your card.

## Introduction of the Tarjeta SUMA in GLOBAL

The Tarjeta SUMA will soon replace all Global magnetic cards. This system will be gradually introduced on all GLOBAL buses once the new card readers have been installed. **ALL PREVIOUS GLOBAL CARDS WILL CEASE TO BE VALID when Global makes an announcement to this effect after adequate notice has been given.**
